### Portable power supply maximum output

What does AC output mean on a portable power station? AC Output indicates the maximum wattage (electricity) that the portable power station can deliver continuously on demand. If any appliance you want to operate exceeds the AC output, the PPS can't run it. Similarly, the total wattage of all the appliances you want to operate at the same time can't exceed the maximum AC output -- in this case, 4000W. How many devices can a portable power station run? So long as your portable power station has the right ports and enough capacity, it can run a massive range of devices, including phones, laptops, and desktops. Higher capacity units will also let you power large home appliances and charge electric vehicles. What does rated capacity mean on a portable power station? Let's start at the top. Rated capacity indicates the maximum amount of electricity a portable power station can store in its battery when fully charged. If you allow your portable power station (PPS) to discharge completely before recharging, the capacity is the maximum amount of electricity you can consume. How long can a portable power station run? It all depends on the power station and the device or devices you're charging. As a general rule of thumb, to figure out how long your portable power station can run, divide battery capacity (Wh) by power drawn by the device (W). What can a portable power station charge? All portable power stations can charge up small gadgets like phones and laptops or be used to power lighting. Most can handle small appliances like mini-fridges or TVs. If you want to use power tools, an AC unit, or in the UK, a kettle, you need to be able to draw thousands of watts. How much does a power station weigh? A power station's portability is directly related to its power capacity and output. Small power stations with around 300 watt hours of capacity and a max output of 300 watts, such as the Anker Solix C300 DC portable power station, typically weigh under 10 pounds. and are about the size of a lunch box.
